

Preparing

for Your Child's Surgery

NORTON
Children's

Planning and preparing for your child's surgery will help make surgery day go more smoothly. You have enough going on. We're here to help you and your child have less stress and worry.

We have a webpage filled with information to help prepare you for your child's surgery, including:

- Pre-admission testing
- How to schedule a tour of the hospital or medical center
- Surgery location and maps
- Pre-registration and day-of registration
- What to know the day before surgery
- Feeding instructions
- What to do if your child may be ill
- Instructions and details about the day of surgery
- What to bring to the hospital or medical center
- Check-in information
- Recovery
- Billing and financial assistance

If you have any questions, call the office that scheduled your child's surgery, visit

NortonChildrens.com/Surgery

or scan the **QR code**.
